This course will expand on your previous knowledge of the 'Thinking' strand and is designed to help Licensed Practitioners understand the benefits of developing reflective function in children and building an integrated and robust stress management system which will increase children's capacity to learn and enhance social and emotional development.

It will refresh your knowledge from your Licensed Practitioner course on the 'Thinking' Strand, including brain theory, the neuroscience of relationships and the vital use of Thrive-Online.

This course will:

- help you to develop 'reflective function' and 'mentalisation'
- look at the theory of mind, including the function it serves in building relationships and informing behaviour
- enhance your practice of the VRFs and 'Shining the Light'
- explore the latest developments and activities and strategies which support Thinking in Thrive-Online.

Suitable for: Those working with all age groups

Open to: Licensed Practitioners or above

Notes: Delegates will need to provide their own laptop/ Tablet.
